*I strongly object to this project.*

*Whilst I support recycling I believe this project is the wrong location for this planned facility.*

*It is too close to a large populated community.*

*It risks health issues for local residents, Microplastics is an emerging science and health impacts are concerning.*

*It is located on a water catchment area*

*It will have pollution impacts on people, agriculture, animals, land, water and air quality.*

*Traffic impacts have been poorly planned.*

**IT IS THE WRONG DEVELOPMENT for THAT LOCATION.**
