Organisation: N/A	Key issues: <i>Social impacts, Visual impacts, design and landscaping, Land use compatibility (surrounding land uses), Traffic</i>
Location: <i>New South Wales 2577</i>	
Attachment: N/A	

Submission date: 11/6/2024 8:18:43 PM

This submission does not fit the infrastructure of the local community. The current water plans, traffic management and environmental sustainability does not fit with the proposed plasrefine.

There is also the social impact of increased trucks, pollution, and tourism that will impede on local business, school zones, foot traffic, and traffic.

Moreover, there is no evidence that this is the right sight for this project. There are no sustainability plans for the site or the impact to the local community.
