Thank you for contacting me, I lived in Moss Vale many years ago and loved it. I have friends living in the area that are very concerned about Plastics Recycling. Of course plastic is used extensively everywhere, in many countries may be dumped in rivers and the oceans, that is a concern for many.

I didn't know plastic could be recycled, it must be at a huge cost.

Moss Vale bring a charming country town, having a plastic recycling facility there just feels so inappropriate.

Kind regards
