Submission date: 11/21/2024 11:00:48 AM

*I am opposed to this development due to ongoing health issues, impact on local infrastructure, overseas development, environmental pollution and local industry.*

*I have ongoing chronic respiratory issues and we moved to the southern highlands 8 years ago for a better quality of life. The pollution from this business would seriously impact the quality of air for me.*

*Moss Vale has serious issues with vehicular access. Already at any given day cars are banked up both north & south of the cbd at any given time of the day. The vehicles required to support this business would impact traffic to beyond reasonable measures.*

*Australia should be looking to promote Australian business.*

[REDACTED]

How

*will Australia meet the net carbon targets if we allow this to operate?*

*The area of the southern highlands is pristine compared to the likes of Sydney. Must we allow commercial enterprise to put this in jeopardy. I don't want to be breathing & drinking the after effects of the plastic refinery.*

*As mentioned above, we should be promoting local business and looking for industries that are not going to downgrade our area. We should be looking at businesses that will promote trade and employment for the people of Australia and the southern highlands,*

*I sincerely hope you don't allow this to proceed*

[REDACTED]
