Hi I am born and bred in Moss Vale and after 50 years have only recently left the area but have family and friends still there. This proposed development is totally unsatisfactory for the area for numerous reasons but after hearing residents being advised by the proposed applicant to limit their and their families time spent outdoors this left me gobsmacked. This warning by the proposed applicant leaves any body who approves this application open to litigation for any health problems incurred for surrounding families as this has already been flagged as a potential issue. Moss Vale is not the right site for this development.
