*Not the right site, I have grandchildren who go to [REDACTED] in Beaconsfield Road and have family living in Moss Vale and New Berrima. This is not the right site as it is way too close to residential areas. I am also concerned about the environmental impacts and the impact on Sydney Water. The fact that this business has no history of recycling business beforehand doesn't give any comfort or confidence in correct procedures and effects from plastic recycling. The 100 extra trucks per day is also a concern for an already congested area with no infrastructure to support such an industry. This site can not be approved.*
