I am an individual who lives less than 10 kms from the proposed development, i have little kids, i am a veterinarian in the area who's clients will also be affected. I own two short term accommodation who also would be affected, the poluted air with toxics and plastic will affect the elderly population, the children (my eldest is ashmatic) and the animals - horses that i look after in the area. This is an absolute no to go ahead. Actions need to be taken to stop this.
