Organisation: N/A	Key issues: <i>Social impacts, Visual impacts, design and landscaping, Land use compatibility (surrounding land uses), Traffic</i>
Location: <i>New South Wales 2576</i>	
Attachment: N/A	

Submission date: 11/15/2024 8:27:46 PM

This project should never be allowed to proceed for several reasons. The main reason is the direct impact of the fumes from this plant which will spread over the entire district. The health of everyone in the southern Highlands will be negatively impacted.

Also the traffic, including hundreds of trucks travelling through our towns will create extreme noise and damage roads which locals travel on every day. There will be drains on our electricity and water.

This plant should be built, if at all, many, many kilometres from any towns or cities.

We, our children and grandchildren will be affected by all these negatives.
