I am highly against the proposal for this plastics renewal factory as i will ruin the prestige notoriety that the Southern Highlands holds, driving the value of the area down, and polluting our clean air and water by the toxins that WILL come from this factory.

The infrastructure of Moss Vale cannot support this sudden negative growth and impact that this factory will cause, nor can the highlands infrastructure support this sudden impact. More trucks will come through our secluded and beautiful area, thus ruining our roads, causing potential damages and unnecessary traffic congestion.
