*I am opposed to placing such a facility so close to our town.*

*I think it will completely change the quiet & clean environment that we currently appreciate.*

*Many, many trucks will no doubt take shortcuts through our town & endanger pedestrians.*

*The risk of plastics contamination in our environment is not worth the economic benefits to the few individuals who will benefit from the current proposed location.*

*Please choose a location that is not close to urban populations of people whose health will be affected, by noise or contamination.*
