Organisation: N/A	Key issues: <i>Social impacts, Visual impacts, design and landscaping, Land use compatibility (surrounding land uses), Traffic</i>
Location: New South Wales 2577	
Attachment: N/A	

Submission date: 11/19/2024 8:06:35 PM

*This facility does not fit in with or within a small town community.*

*It also has a feel that our community is being used as a guinea pig with the operators having little or no experience in this type of facility. Sydney water supply is also part of this experiment.*

*The size of this facility in the location selected and ruins the rural aspect of our town.*

*The truck movements in this location will have a huge impact on the local residences in this part of Moss Vale. I'm not sure if there will be a truck curfew but from what I have witnessed elsewhere in the district is that they are rarely followed.*

*Building this facility in this location shows a total disregard for the people of Moss Vale and the Southern Highlands*

*Have the potential health issues of this type of facility within a small town been adequately addressed?*
