Submission ID: 216741

Organisation: N/A	Key issues: <i>Social impacts, Visual impacts, design and landscaping, Land use compatibility (surrounding land uses), Traffic, Other issues</i>
Location: Redacted	
Attachment: N/A	

Submission date: 11/21/2024 3:07:05 PM

*This is clearly not the right site. It is located too close to local residents and the contamination to Sydney's drinking water is just not worth it.*

*There has been medical research of micro-plastics found in our system and we don't need anymore harm than it already is. Please ask Plasrefine to look at other sites better suited with no disruption to the community and no connection to Sydney's drinking water.*
