Dear Madam/Sir,

We object to the establishment of this facility in Moss Vale Industrial Park for the following reasons:

- * Emissions from the process of recycling plastics will be toxic to humans & other species*
- * The 24 hour operation will disturb residents in nearby areas. Over 300 truck movements on already busy roads that are in poor condition will cause further damage & disruption.*
- * This facility will be too close to residential & service areas of Moss Vale where wind is likely to make isolation of toxic fumes impossible.*

Yours faithfully

Robyn & Andrew Kremer
