Submission date: 11/17/2024 2:42:30 PM

While I acknowledge that we do need a Plastic Recycling facility I consider that the current location is too close to residential areas. Five storeys means it potentially could be seen from the Scenic Tourist Lookout at Mt Gibraltar. The Illawarra bi-pass has been on the drawing board for so long that many wonder if it will ever happen and in the mean time all these additional truck movements will only add to Moss Vale's traffic congestion which at peak hour is often at a standstill.

Having this facility accessible by road (Hume Highway) and the main railway line is my preferred option and I propose that the applicants consider cheaper land perhaps in the Marulan area for this proposal.
