Organisation: N/A	Key issues: <i>Social impacts, Land use compatibility (surrounding land uses), Traffic, Other issues</i>
Location: <i>New South Wales 2577</i>	
Attachment: N/A	

Submission date: 10/22/2024 4:31:55 PM

Moss Vale is not the right site for this development.

With limited road infrastructure, and a road system already suffering from poor maintenance, we cannot manage the number of heavy vehicles that will enter and leave this development everyday.

Our water and air quality could severely affected, and as a community, we have not been told what chemicals will be used, and the impacts they will cause in air and waste water.

The majority of families live in the Southern Highlands to provide our children access to a country lifestyle and all that it includes - particularly clean air, safe drinking water and an area without undue heavy traffic so that kids can enjoy being outdoors.

The Moss Vale site is too close to town, housing and water catchment - it is not the right site for the Plastic Recycling facility!
