Submission date: 10/24/2024 5:49:59 PM

*I am extremely concerned about the proposals impact on air quality with microplastics, traffic impact on local roads not equipped for this load, safety of local children based on air flow landing of microplastics in water ways and farm animal impacts. I believe the proposal had more negative impacts on the local community than it's commercial benefit so therefore a more appropriate site should be found by the parent company and not supported by council*
