*Whilst the property is zoned to accommodate the development, access needs to be reconsidered.*

*The roads surrounding this development are residential and not formed to accommodate such large and frequent truck movements. Further my children's school St Paul's Moss Vale is located on Garrett street which is indicated as an access route. The safety of children and the welfare of the broader community needs to be considered heavily and an alternate route identified.*

*There is a whole industrial area located not far from here which forms part of the future industrial strategy for the shire. Utilise roads to this area for access or relocate the whole Proposal to a more fitting location that will not impact the shire's visual amenity, safety and welfare of its residents.*
