*I stand with the community, MP's and Wingecarribee Shire Council in opposing the Moss Vale Plastics Recycling Facility.*

*I am very concerned about how it will impact our air quality (releasing micro-plastics & chemicals into the air), waterways being contaminated, roads and traffic with trucks operating 12-hour days in an already congested area, proximity to residential streets where creeks feed into Sydney's water and just 2kms from Moss Vale town centre.*

*Clearly, it is Not The Right Site!*

*I sincerely hope that this project does not go ahead and a more appropriate location is found for this facility as it unacceptable to our community!*
