It is just NOT THE RIGHT SITE by any stretch of the imagination. Right on the doorstep of farmland and residential land, too close to the Garvan Institute , Schools and Preschools and that barely covers the inappropriateness of the proposed site, let alone the dangers of such an Industry . We, as residents of New Berrima also will be affected by the proposed 100 extra truck movements per day on Taylor Avenue. PLEASE listen to the people who are trying so hard to stop this, everyone has genuine valid concerns!
