Location: New South Wales 2577	
Attachment: N/A	

Submission date: 11/24/2024 9:46:18 PM

In addition to the concerns addressed elsewhere, I personally have concerns that the proposed facility will negatively affect:

- Tourists being attracted to the area*
- The water courses that feed Burragorang Lake and therefore the Sydney region water supply*
- Traffic in the area, where roads are already in bad disrepair and will be exacerbated by the addition of a lot more heavy vehicles*
- The clean country area and environs*
- Wine production in the area if a fire or other environmental issue occurs at the facility*

It just seems that the location of this facility, being so close to population centres and in a area that attracts tourists due to its natural beauty, has not been well thought through.
