Location: <i>New South Wales 2577</i>	
Attachment: N/A	

Submission date: 11/23/2024 7:57:19 PM

This site is set to be close to my children's schooling. The toxic materials and resources from this facility, will affect everyone in NSW. The water supply, the air quality and livestock all must suffer due to a development being less than five kilometres from homes, businesses, childcare centres, schools, age care facilities and many more. Who will aid in our health once we start to show a decline, due to this facility being allowed. The air we breathe, the food we eat, the water we drink everything will be affected. My family lives here in Moss Vale for the fresh air, fresh produce and quality water. This can NOT go ahead.
