Not the right site - should not be in a water catchment location for Sydney drinking water or locals water tanks for residents not on town water

Should not be in a built up area that is close to residential areas

The plant is subject to risk of human error eg, smoking near machinery causing fire, doors being left open for contamination to escape

Who is guaranteeing no harm or contamination to the environment - the developer or the government

Increased heavy vehicle traffic to already congested roads

Biosecurity risks from increased traffic flow along roads - weed control

Devaluation of residential / rural property close by o the development
