I'm sorry but the applicant claims that her uncle is concerned for the amount of land fill plastics !,.

[REDACTED] Ghd states in their written paperwork that local residents should limit time spent outside !!!!! That comment alone tells me they have pollution and health problems .

Why should a person [REDACTED] get to pollute our local waterways and air and expect us to accept a poor quality of life ?

A major plastic dump within 200mtrs of houses should never be allowed
