*I live and work in the region and strongly object to the proposed development.*

*I currently live on my parents property whilst trialing living down in the Southern Highlands permanently. I have been looking to buy in Moss Vale or the surrounding areas. If this project were to go ahead, I will not buy in the region and will look to move my family elsewhere.*

*I value a healthy natural environment, safety, improvements with our water supply and clean air.*

*This project threatens all of this.*
