Submitted by a [REDACTED].

The families in Moss Vale don't want or deserve a massive factory near their homes.

The quantity of trucks and the noise and pollution would be overwhelming for the people who live near the roads they travel on. It also wouldn't be safe to ride your bike or walk your dog anymore.

The Southern Highlands has clean air and a clean environment and no-one wants that to change. It is what makes living here so good.

Instead of recycling plastic we should top using it altogether.
