Location: 2576 New South Wales	
Attachment: N/A	

Submission date: 10/25/2024 1:52:56 PM

I object to this environmentally - it will impact both our water and air quality. There are a multitude of studies that support this. We are part of the Sydney water catchment area and this should be taken into account with the utmost of seriousness.

I object that the property is foreign owned.

I object to the process - how it was off the table for months - and approved at the eleventh hour allowing locals very little time to do the correct studies to support their objection.

I object to the pressure this will put on Moss Vale's infrastructure, particularly its roads.

This must not proceed.
