*As a long term Sthn Highlands resident & parent with numerous relatives living nearby, I wish to complaabout the MV Plastics Recycling facility. At first recycling anything sounds great but slowly I learned of the dangers of a facility so close to town & water courses. The transport overload/ pollution/ water contamination is too worrying to ignore. Because our Council has been under Administration there has been little discussion of this topic in the community. Now with a new Council there is an increased awareness of the community concerns. Thanks for taking time to hear our concerns. Maryanne Williams*
