I am apposed to Plasrefine's development for many reasons:

- 1. Air quality*
 - 2. Waterways*
 - 3. Non Australian company which means a lack of care for the environmental destruction*
 - 4. Southern Highlands is known for its beauty, clear sky's and short break not far from Sydney, Wollongong.*
 - 5. With the spread of our major cities why would we choose to poison a haven like the Highlands.*
-
