This proposal would be situated near residential areas and the town of Moss Vale. I do not believe it fits within the Council's preferred business or industries.

The traffic flow of trucks would be enormous and would no doubt clog up the town and surroundings.

I am sure there is a better site available that is not adjacent to a town like Moss Vale.

*The company behind the project I believe is **** and is purely investing in this project for monetart gain and is not taking the local community issues into account.*
