I strongly object to this proposed development, and strongly hope it does not succeed. I'm worried what it will do for my community and the health and wellbeing of those who live in Moss Vale. Moss Vale is already busy with traffic and with more and more housing coming in it will only increase. I'm worried how this will effect air and water quality which will evidently cause harm to my health and others in the long term. Things already echo around in Moss Vale so having trucks and machinery going 24/7 is going to be noisy. I'm a light sleeper and i don't want to be hearing all that rubbish going on. I'd much prefer to hear nature. Please do not ruin the beautiful landscape we call home. I moved here from Sydney to get away from that garbage, do not bring that garbage here to this beautiful country town.
