Location: <i>New South Wales 2579</i>	
Attachment: N/A	

Submission date: 10/29/2024 3:48:57 PM

*As a member of the Southern Highlands Community, a home and land owner, a Mother, Grandmother and Wife with members of my Family living in this community, I wholeheartedly, furiously and adamantly object to this proposed Plastics Recycling Facility in my neighbourhood! It would be an abomination to have such a toxic facility in our Community, particularly for the reasons of it being in close proximity to housing, schools, water catchment and farming areas! It is beyond my belief that such a facility would be considered for this area at all! I believe the future impacts on the land and environment here and the health and lives of the community here, I believe, would be devastating! We have settled in this area to provide a safe and clean lifestyle for my family and to ensure their best possible future and object to this facility putting the health of my family and the community in jeopardy!*
