Submission date: 10/29/2024 7:03:00 AM

I object to the plasterfine facilities being build upon the site it has been requested. This is a town that is rapid growing, the land and waterways. With this town growing means we already struggle with traffic at peak times as is around that area. That land also hold 2 waterways, no where have they stated what damage/impact this faciliate with have on its surrounds including the people.

I do agree we need recycling facilities for our plastics but I don't believe this is the site for it. Please find a different one that isn't within a busy city.
