This development is the wrong industry in the wrong place. Stop developing prime farm land into industrial wastelands. I stand with the local objectors on this. Remember, the government is voted in by the people, for the people. We, the people are more & more pissed off that faceless departments can approve this sort of development for an overseas company. STOP SELLING OUR COUNTRY TO OVERSEAS ENTITIES TO DEVELOP. we are not allowed to own land in their country, so introduce the same rules here.
