Location: <i>New South Wales 2225</i>	
Attachment: N/A	

Submission date: 11/14/2024 7:23:35 PM

I make this submission in support of the Moss Vale local community. It makes no sense at all to approve a plastic recycling plant so close to young families and urban developments. Expecting young families to limit their exposure to toxins emitted by the facility by limiting their time spent outdoors simply isn't good enough, especially considering families that have bought locally in the area. Government should be protecting local families, not the interests of big business.
