*This factory will spread particles into the air affecting within an extremely wide area, which will have severe effects on air quality, effect those with health issues. The amount of trucks which with be travelling back and forth day and night will also have an extreme effect on peoples quality of sleep which will then effect their health.*

*This type of industry is totally unsuitable for the area in which they have selected to build this facility.*

*It needs to be constructed much further away from people and homes.*

*It will also impact on the Garvin Institute of Vital Research which would be right next door to it.*
