Organisation: N/A	Key issues: <i>Social impacts, Visual impacts, design and landscaping, Land use compatibility (surrounding land uses), Traffic, Other issues</i>
Location: New South Wales 2575	
Attachment: N/A	

Submission date: 11/13/2024 9:53:19 AM

*I object to this plastics reprocessing factory on the following grounds:*

*Noise and visual impacts, for 24 hours a day, seven days a week.*

*Trucks - up to 50 trucks a day - would you agree that this causes an impact to the residents of Moss Vale and surrounding areas, such as noise and traffic congestion, road condition decline, pollution from truck engines.*

*GHD mentions that operational air and noise emission are well below the NSW Government guidelines. This still means there is air and noise emission's. Who wants to live in the vicinity of that?*

*Water pollution - unacceptable in a drinking water catchment area. What contaminants will run into the riparian zone? What affect will this have on residents health?*

*Locality - the location is unacceptable, consider the residential interface, schools, childcare centre close by.*

*The Southern Highlands community do not want this.*
