*I a highly supportive of the development proposal. Crows nest is less then 10km to Sydney cbd so this is an appropriate place to increase housing density. We are in the midst of a housing crisis, denying others a home in exchange for inconvenience of others is unacceptable.*

*The caveat is that there needs to be the related investment in infrastructure.*

*Particularly I am interested in encouraging the amount of cycling and walk ability of the area. Not everyone owns a car and we don't need to take public space to make more spaces for cars.*
