*I am against this proposal at the highest level. There are so many factors that I feel haven't been considered, mainly, the location, I feel no thought has gone into the residents who live here, who will have to look at this monstrosity daily if it goes ahead, not to mention how something with such a negative visual impact will affect our land value. I work bloody hard to provide our family with a safe home in a beautiful location.*

*In my opinion, Liddell power station would be the number one choice, it has everything the project is looking for without disturbing anyone's lifestyle.*

*I will reiterate, I strongly oppose this DA.*

*Regards*
