*As a resident of Parraween street these past 6 years I am well aware of the amount of traffic NOW in the street & very concerned about the impact this proposed development will have on traffic flow and parking. I also oppose as did the Land & Environment Court the alteration/destruction of the heritage cottages on the same side of Parraween street as the proposed development. I am also concerned about the visual impact the Pathways proposal will have on the general area, the impact it will have on the Cremorne plaza and the impact it will have on the general village/community atmosphere. Finally...I would like to know whether Pathways or anyone linked to the proposed development has been a donor to the NSW Labor Party.*
