

# RECORD OF LOCALITY INSPECTION

LOCALITY TOUR NOTES	
<b>Project:</b>	Weigall Sports Complex, Sydney Grammar School (SSD-10421)
<b>Date:</b>	7 October 2021 (Professor Richard Mackay AM) 8 October 2021 (Peter Duncan AM)
<b>Note:</b>	<p>Site inspections conducted by the Commission are typically in-person and may include attendees from representatives of the Applicant and local community groups. However, as a precaution against COVID-19 and in response to the Greater Sydney Region's COVID-19 restrictions, the Commission Panel did not conduct an in-person Site Inspection as part of its determination of this project. The Commission instead undertook a Virtual Site Inspection on 8 October 2021 and an in-person Locality Inspection on the dates listed above.</p> <p>The Virtual Site Inspection involved the Applicant conducting a walking tour of the site which was livestreamed to the Commission. A full transcript of the Virtual Site Inspection was uploaded to the Commission's webpage for the project on 13 October 2021.</p> <p>The in-person Locality Inspection involved the Commissioners inspecting the site and surrounds from publicly accessible locations near to the site perimeter. The Commissioners completed the Locality Inspection individually on the dates above and both viewed the site from locations along the route shown in the attached Locality Inspection Map. Photographs from the Locality Inspection are provided in the attached photographic log.</p>
